

Print a Petrel model with PrinTerra and Sculpteo

After having exported your Petrel model by using PrinTerra, go to the sculpteo website and follow the next steps:

1. Create an account on <http://www.sculpteo.com/en>

2. Upload your .dae files. Click on upload design (top-right of the screen).

3. Select the multicolor material for a full color printing

The screenshot shows the Sculpteo website interface for the 'PrinTerra' product. The top navigation bar includes 'Sculpteo.com', 'Shops', 'Workshops', 'Blog', 'Professionals', and '3dpcase'. The user is logged in as 'jeremie'. The product page features a 3D model of a colorful, abstract object. The price is prominently displayed as \$431.26, with a note 'Shipped in 4 days.' Below the price are links for 'Check repairs', 'Settings', and 'Delete'. The 'Edit the design's options' section includes a 'CUSTOMIZE' button, a 'Multicolor' material selection, and dimensions of 175 x 116.4 x 199 mm. A 'Solidity check' option is also present. The price calculation shows 1 unit at \$431.26. A delivery date of May 6, 2014, is provided. The material selection panel on the right lists various materials: Plastics, Polished plastic, Detail resin, Silver, Ceramic, Wax (marked as Beta), Alumide, and Multicolor. The 'Multicolor' option is highlighted with a red arrow.

4. Modify the size (The size is defined within PrinTerra)

The screenshot shows the Sculpteo website interface for the 'PrinTerra' product, focusing on the 'Printing size' panel. The price remains \$431.26, with 'Shipped in 4 days.' The 'Edit the design's options' section is visible, including the 'CUSTOMIZE' button and the 'Multicolor' material selection. The dimensions are still 175 x 116.4 x 199 mm. The 'Printing size' panel is expanded, showing a warning: 'Choose the scale at which the model will be printed. You can enter the desired dimensions directly. Please double check the selected unit. A smaller model will cost less, but will be more fragile. Please check the solidity (next tab) to test the "printability" of the model at the chosen scale.' Below this, the original dimensions (174.99 mm x 199.02 mm x 116.36 mm) are shown. The current size is set to 175.0 x 199.0 x 116.4. The unit is set to 'mm' and the scale is at 100%. A red arrow points to the 'Printing size' panel.
